## President's Message

Sisters,

Although we are in the midst of the COVID pandemic , we continue to thrive and recognize the strength in ourselves and those around us. Our meetings may have moved online, but the goodness and support of you all is still apparent, and I am so grateful for this environment.

This issue serves as a round up of our year so far, with various recognitions and a look forward to more good things to come.

I know we will continue to nurture ourselves and others until we meet again.

I wish you and your family good health,

Anna
