President's Message

Dear Sisters,

Our Executive Board met this summer and came up with some ideas on how to increase attendance at our meetings. We recognize that we're all at different stages in our lives and that it can be difficult to make Delta Zeta a priority. We sent out a survey to gather information and tried to make decisions based on the survey results. With a chapter as strong as ours (57 members), I'm hopeful that by decreasing the number of meetings, maybe we can make those four meetings count and do more of our business in between. At the state level fall executive board meeting, one of the long-standing officers shared this quote: If you're not growing, you're dying. If you're not taking risks, you're stagnant. Throughout the nation, there are chapters that are trying to change things in order to make being a member more manageable. How can we make our meetings more engaging and allow members to connect? How can we make the business portion quicker and then spend more time collaborating to support each other and make a difference? After all, one of the main purposes of DKG is to support women educators. I hope to see you at our first fall meeting and look forward to hearing ideas from you on how we can continue to change our practices to grow our chapter and keep it one of the strongest in NC!

In Sisterhood,

Diane

**"Recruit! Retain! Recognize! NC DKG Forever Strong!"** is NC DKG President, Hilda Parler's, theme for the 2023-2025 biennium.

President Hilda, in the summer edition of NC Data to chapter presidents and editors, said, "The old cliché, **'There is always strength in numbers,'** is true and is why one of my foci for this biennium is to **Recruit** new members including college students and former members. We need to **Retain** members we already have. We will **Recognize** all members for their service all the time. Coordinate with the Communications and Marketing Committee to learn and practice methods to robustly market NC DKG."
